Volunteers Celebrate Anniversary

The trustees met at West High School and an audience of about 100 persons was present.

A POLICY permitting some organizations to distribute materials to school children outside the classroom was adopted near the end of the meeting. The new organizations are in addition to the Red Cross, Community Chest, and March of Dimes, all of which are allowed to distribute materials in the classroom.

The board also received the tax rate as set by the county superintendent. The Torrance rate will be \$4.1093, an increase of about eight cents per \$100 assessed valuation over last year. The increase is due to increased costs of redeeming bonds, a cost which fluctuates from year to year.

IN OTHER matters, the board:

- Approved the participation of Torrance teachers as members of the visiting committee of the California Assn. of Secondary School Administrators accreditation program;
- Approved a contract with Long Beach State College for
